# Substance Use and Abuse Health Education Implementation Plan

11: English IV – minimal impact to courses with standardized assessments and required for all 12<sup>th</sup> grade students.

12: Students will attend from all classes when Assemblies are delivered because the entire grade will attend the assembly during their scheduled class period.

## **Please describe the methods for delivering the instruction for each grade level.**

Grades K-4 will have lessons delivered by Classroom Teachers or PE Teachers through direct instruction.

Grade 5 will have lessons delivered by Student Assistance Program Counselors from New Horizons during scheduled times throughout the school year.

Grades 6 – 12: Students will independently complete self-paced computer program modules that provide age-appropriate content. The program will be embedded into our Canvas program, the District’s online portal, so students can access the program either at school or home. An administrator portal enables a certified teacher to monitor each student’s progress. Traditional classroom lessons will extend the learning and allow for classroom discussion. These lessons will be delivered by Certified School Counselors, School Social Workers and Teachers. Additionally, assemblies are conducted when community-based experts are utilized for portions of content.

## **Please describe the materials and resources that will be utilized to deliver the instruction for each grade level.**

Grades K-4. will use the Kidshealth.com website for lessons that address substance use and abuse related to alcohol, nicotine, and drugs. The three lessons use articles, discussion, and activities as part of their Health Problem Series and include a Teacher’s Guide.

Grade 5 will utilize the Too Good for Drugs curriculum provided by the Mendez Foundation. Lessons are interactive for students and allow for discussion.

Grades 6-12 will utilize computer-based modules from Everfi and extended classroom lessons to deepen learning. For grades 8, 9 and 10, students will attend an assembly through either the NOPE program in conjunction with Law Enforcement or Operation Prevention in collaboration with DEA, Discovery Education and Drug Free St. Lucie Coalition.
