

Track 3: MIE Expert

Leaders of Innovative Technology (#LITSLPS)

Igniting a spark throughout our district by infusing technology instruction in classrooms.

Focus: Technology growth throughout their community

Goal: MIE Certified Expert by the end of the school year

Being a part of the LITslps Track 3 cohort will require the following commitment:

Participate in virtual PLC's via Teams chat and calls to learn more about technology and develop 21st century skills using digital technologies. The following sessions will prepare you for the application process of becoming an MIE Expert. The sessions include:

- **September 2024 - Joining the MEC and Ensuring MIE Certification Requirements**
Educators will empower students to utilize tools to unlock their full potential by addressing a diversity of needs. You must be a Certified MIE to become (or stay) an MIE Expert. *(District will help with this)*
- **October – December 2024 Personal Goals and Working Toward MIEE Status**
Self-paced online. No set meeting dates. Check-in via MS Teams chat.
- **January 2025 - Check-in and Artifacts**
- **March 2025 - MIEE Application Prep Process**
- **May 2025 – MIE Application Process Phase 1 – 3** (Date subject to change)
- Grow the MIE community within your school with at least one additional participant.
- Provide coaching/mentoring to other teachers and support their growth.
- MIE Experts share their learning with colleagues and other educators through local training programs in their own school systems, presentations at conferences, blogs, social channels, and more.
