

August 13, 2013 Regular Meeting
Agenda Item #39

Title

Safari Montage Software License Agreement (Revised)

Description

Safari Montage provides both digital instructional content as well as hardware and software solutions for the management of digital content and audio visual components in the classroom. A pilot project utilizing their products has begun for the 13/14 school year. Safari has requested that we sign the attached software agreement before we begin utilizing their software in the district.

Recommendation

Sign the provided software agreement.

My Contact

Terence O'Leary, Assistant Superintendent of Information and Instructional Technology

772-429-7576

Financial Impact

The software agreement governs terms of software usage and is not a financial instrument.
