

August 13, 2013 Regular Meeting
Agenda Item #40

Title

Weatherbee Elementary FPUA License Agreement (Revised)

Description

FPUA has requested an easement for an electric power service to provide a more reliable and redundant service to the residential neighborhood in Gator Trace. The location of the requested easement is likely never to interfere in the use of the school site. To prevent a long term encumbrance on our site that may be redeveloped in the future FPUA will willing to acceptable a license agreement. In the event that we redevelop the site in the future, the School Board will not incur any cost for the relocation of FPUA's facilities.

Recommendation

The Facilities Director and Superintendant recommends that the Board approve the proposed license agreement with FPUA.

My Contact

Marty Sanders, P.E.

Executive Director of Facilities Services

(772) 340-7100

Financial Impact

None, in the event of any need to relocate the utilities, it will be at FPUA's expense.
