## **SCHEDULE OF PROFESSIONAL SERVICES**

### **Program Description:**

CASASTART (Striving Together to Achieve Rewarding Tomorrows), is a community-based, substance abuse and violence prevention program developed by the National Center on Addiction and Substance Abuse at Columbia University (CASA). CASASTART targets youths between 8 and 13 years old who have a minimum of four identified risk factors. Youth participants may remain in the program up to 2 years. Specific program objectives of CASASTART include reducing drug and alcohol use, reducing involvement in drug trafficking, decreasing associations with delinquent peers, improving school performance, and reducing violent offenses. CASASTART's intervention model is informed by the research literature on social learning theory, social strain theory, social control theory, and positive youth development. Its eight fundamental components are community-enhanced policing, intensive case management, juvenile justice intervention, family services, after-school and summer activities, education services, mentoring, and the use of incentives to encourage youth development activities. Each site brings together key stakeholders in schools, law enforcement agencies, and social services and health agencies to develop tailored approaches to the delivery of the core service components consistent with local culture and practice.

Our program implementation will be at three elementary schools; Morningside Elementary; Bayshore Elementary; and CA More Elementary on St. Lucie County. These schools were selected with the assistance of the coalition and school district staff. There will be one supervisor and six case managers (two at each school). Each case manager will maintain a caseload of 15 families for an average of 18 months. Therefore, 90 families will be served during the first year of implementation. CASASTRT case managers are on call 24 hours / 7 days per week, and will provide the 8 core services to their families at school and in the community.
