

St. Lucie Public Schools
Effective Intervention Implementation
Direct Observation Fidelity Checklist

Today's Date: _____ Observer's Name _____
 Interventionist: _____ Grade Level: _____
 Intervention Observed: _____
 Focus of Instruction: _____
 Group size: _____ Actual Start Time: _____ Actual End Time: _____

Directions: Mark ✓ for each item on the checklist.

	+ Observed	- Not Observed
Intervention begins and ends on time. Instruction should begin as soon as students enter the classroom and continue for entire intervention block		
Interventionist is prepared for intervention. The interventionist has all materials ready to teach the lesson for the day.		
Students are engaged and responsive to teacher directed instruction. Students are attentive, responsive, participate and can state the learning activity and goal. Students perform all tasks assigned by the teacher.		
Interventionist delivers accurate instruction. The interventionist instructs in the area of deficit for the student or group of students and follows the protocol with fidelity.		
Interventionist provides specific praise throughout the lesson (rate 4:1). The interventionist provides verbal and nonverbal praise and encouragement to all students motivating them to reach their goals. Successes are celebrated as students increase mastery of skills or benchmarks.		
Interventionist gives corrective feedback immediately. The interventionist provides feedback to students immediately and conferences with students in order to track their progress and make adjustments to learning goals by reteaching or affirming.		
Interventionist delivers the lesson at a steady pace. The interventionist delivers the lesson at a pace that engages students and follows the length of time the protocol recommends for each lesson or activity.		
Interventionist presents evidence progress monitoring is occurring. (every 10 days Tier 2 or weekly Tier 3) The interventionist provides progress monitoring data in graphical form to instructional leaders and problem solving teams (PST) as requested.		

Total number of +/8 = _____ % Total Effective Instruction Fidelity

Notes: Please provide feedback on all items that were "Not Observed."
