

St. Lucie Public Schools
Response to Instruction & Intervention
Parent Notification of Successful Progress

School: _____

Today's Date: _____

Dear Parent(s):

Earlier this year you were notified that your child, _____ was identified to receive the following intervention:

Intervention:

Target Skill:

Our school's Problem-Solving Team met and we are happy to report that your child has shown positive progress in this area. Your child has met adequate benchmarks and has been **successfully withdrawn** from the intervention indicated above. Please see the attached graphs.

This is exciting news! We are now able to address your child's needs through guided practice support, a 30-minute, 5-day a week service for students in need of extra practice rather than remediation. Please celebrate this success with your child.

As always, your involvement in your child's education is important. Please contact your child's teacher or administrator if you have questions.

Sincerely,

Your child's teacher on behalf of the
Problem Solving Team
