

## St. Lucie Public Schools

### Homebound/Hospitalized Educational Collaboration Conference Form

The Home Instruction Program is coordinating the educational services for the student listed below. The Home Instruction staff works closely with families, as well as the administrative and instructional staff at each student's assigned school. The goal is to provide needed services for each student as the student's IEP team has determined that home instruction is the appropriate placement for the student. To maintain parity with the quality education provided by the classroom teachers, the program will require:

- **A copy of course syllabi, appropriate textbooks, weekly assignments, and evaluation.**
- ***The student's referring school is responsible for providing, grading assignments and evaluations.***
- The Guidance Department must determine if the existing course schedule is appropriate for Home Instruction. Appropriate modifications to course offerings or content must be determined prior to plan implementation.

Student: \_\_\_\_\_ School: \_\_\_\_\_ Grade: \_\_\_\_\_
