

## St. Lucie Public Schools

### Home Instruction Educational Collaboration Conference Form

Home Instruction educational services will be provided for the student listed below. The Home Instruction staff strives to work closely with families, as well as the administrative and instructional staff at each student's assigned school. The goal is to provide needed services while the student is receiving temporary Home Instruction services as the students IEP team has determined that home instruction is the appropriate placement for the student. To maintain parity with the quality education provided by the classroom teachers, the program will require:

- **A copy of course syllabi, appropriate textbooks, weekly assignments, and evaluation.**
- ***The student's referring school is responsible for providing and grading assignments and evaluations.***
- The school counselor must determine if the existing course schedule is appropriate for Home Instruction. Appropriate modifications to course offerings or content must be determined prior to plan implementation.

Student: \_\_\_\_\_ School: \_\_\_\_\_ Grade: \_\_\_\_\_
