

Book Challenge

The following books were challenged in SLPS and went through a review process. These titles remain and /or are restricted to the indicated grade levels in some School Media Centers. Please check Destiny if you are interested in a certain school's library collection.

In August 2022, a new Board Policy was implemented to allow parents to determine their own children(s) access to books. Parents may allow full access, no access or may restrict their child from accessing any title(s) they object to in their child's media center.
