

Home Student Laptop Access

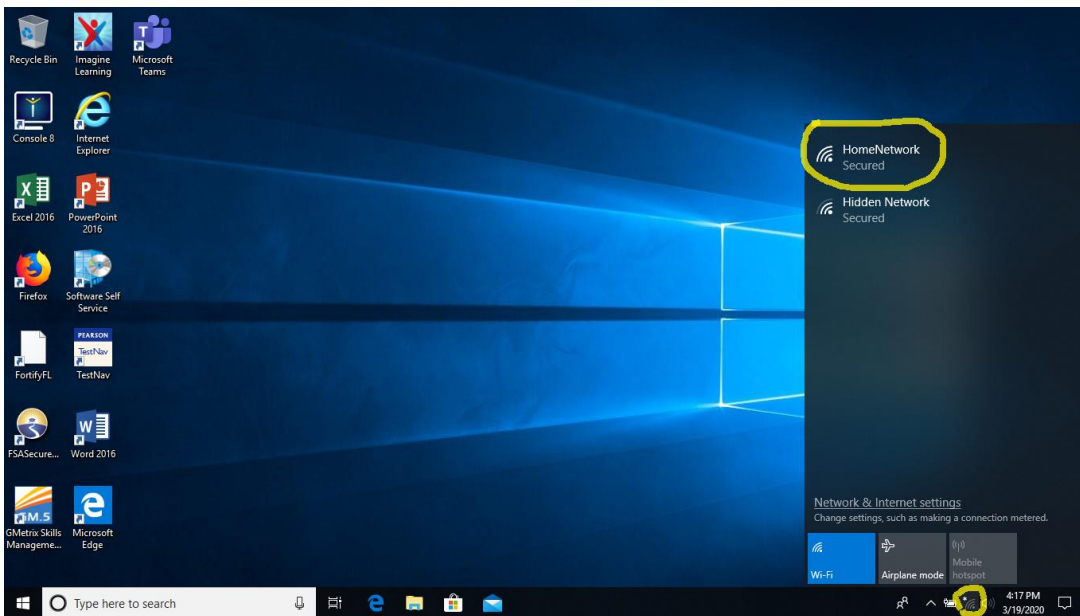

Laptops distributed for home use have been pre-configured with an account for home use. Below are the credentials to log into the computer.

Username: **.\slpsstudent**

Password: **Home2020**

After logging in at home Click the *Wifi Icon* in the System Tray (located at the bottom of the screen) and connect to your home network.

Click on the arrow at the bottom of your screen.

Wait until the *Content Keeper Mobile client icon*  turns **Orange**. Then you are connected and can access the internet.
