

Family Engagement Guide

Note to Principals, Administrators, and Parent Engagement Contacts:

This guide was compiled to assist Title 1 schools with planning their parent involvement programs. It is a fluid document and will be updated regularly as content becomes available. It is not meant to limit school's parent involvement activities but to be used as a resource for planning. If you would like assistance in planning your school's parent involvement program calendar please feel free to call me at the contact information listed below. Additionally, if you have a program that has been successful and you would like to share with other schools please call me at 772.429.7694 or email me sarita.ricks@stlucieschools.org
